# FROM THE PRINCIPAL'S DESK

Dear LWA family,

The festive mood and patriotism filled the air as we celebrated Navaratri and Observed Gandhian principles. Aayudha Pooja was performed at the School premises, and prayers were offered with the hope of return of normal times and a safe restart of physical school. We invite you all to be a part of our activities through this edition of our October month's newsletter.

- Ms. Santhi Swaminathan

# GANDHI JAYANTI CELEBRATION

<https://youtu.be/IVHNZDng3gk>

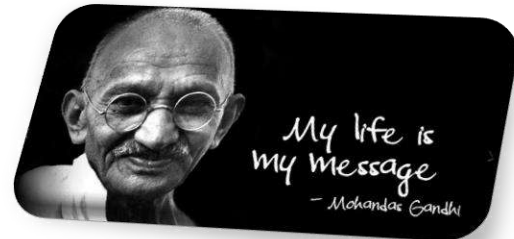

Gandhi Jayanti is celebrated on 2nd October every year to commemorate the Birth Anniversary of the Father of our nation Sri Mohandas Karamchand Gandhi.

Remembering Mahatma on his 151st birth anniversary, LWA celebrated the virtual Gandhi Jayanthi Assembly on 2nd of October, 2021. The students of Class VI celebrated the occasion of Gandhi Jayanthi with splendour. Our school trustee, Dr. Pushpa Chandra addressed the gathering and enlightened the students with her valuable words. Our beloved Principal Mam, Ms. Santhi Swaminathan showered her wishes to the gathering and spoke about the importance to uplift the values and ideas of Gandhi among the students and teachers.

The program started with a prayer song followed by students' speeches on Gandhi's life, the struggles faced during independence and the significance of Gandhi's chakra. The power of Gandhi's words still inspires us to change the world by changing ourselves. A short role-play video on Gandhi's three monkeys was played during the program. Gandhi's quotes are distinctive and thoughtful. It tells about philosophy of life, education, peace, equality, patriotism, women, freedom and many more. The students shared the famous and inspiring quotes of Gandhiji which brought the gathering to understand more about the iconic leader.

Gandhiji was a man who stood straight for untouchability. A beautiful drama on Gandhi's Footsteps followed by a strong message to keep our surroundings clean was presented by the students in the most eloquent manner.

A special dance performance by the students was a visual treat for everyone. All the students were imbued with Gandhian values and thoughts. Let's follow the path of Truth, Spread the great ideas of Bapu to inspire everyone.

**"Strength does not come from physical capacity; it comes from an indomitable will"**

**CLASS -VI**

# BME Virtual Tour 2021

The Virtual Event was organized by the Department of Biomedical Engineering, SRM Institute of Science & Technology, Kattankulathur, Chennai on October 6<sup>th</sup> 2021 to give an introduction about the Biomedical Engineering field to the interested school students. The program allows students in their higher secondary education to explore their study options on completion of their secondary education.

The students classes VIII to XII of Lightworkers Academy have actively participated in the virtual tour. The virtual tour was conducted as two sessions and there were many quizzes conducted during each session.

## CLASSES – VIII TO XII

The following students have won prizes in quizzes conducted:

1. Renusri of class 12
2. kalaiselvan of class 8
3. Krishnapriya of class 8
4. Ananya of class 9
5. Keerthy of class 8

Biomedical Engineering is the amalgamation of engineering principles and medical procedures in order to create solutions for the healthcare. This essentially involves collaborating with doctors and medical researchers to develop medical equipments and devices as well as computer systems and software solutions related to the field.

# CYBER SECURITY WEBINAR by FORD

## Cyber Safety for Parents and Kids

**8** OCTOBER

4.00 PM – 5.00 PM IST

**CLASSES – VI TO XII**

“Cyber safety for Parents and Kids” –Webinar was conducted by Ford on October 8<sup>th</sup> for getting more awareness on Digital Dangers, Cyber Bullying and how kids can harness the good while limiting the harm. Our LWA Students from Class VI to XII joined the session and gained more knowledge about Cyber Security.

Parents all over the world know that the advantages of the Internet far outweigh its disadvantages. Children learn more, understand more, and accomplish more with the aid of the Internet. In a recent survey conducted by Norton, 60% of parents allow their children access to the Internet before age 11. Just as you have taught your child to look both ways before crossing the street, it is essential to teach them a few crucial cyber life skills.

## Take Cybercare

Keep patient data healthy with these helpful tips:

### EXAMINE emails closely

Hackers can fake an email address that appears official.

Do not click a link or download an attachment from unknown sources. Check the address for odd spellings like "Medicall.org" or "Medicle.org"

### LOG OFF & SIGN OUT

When you walk away from your laptop or device, secure it by logging out before you leave.

Prevent others from logging into your device - or as you on a shared device.

### SOCIALIZE carefully

Be sure not to post personal credentials. Make sure your security badge does not show in any selfies or photos on social media.

### KEEP TRACK OF YOUR DEVICE

Because emergencies always arise, it is easy to misplace your laptop, phone, or tablet.

PHI can get into the wrong hands.

If you lose your device, report it immediately to your manager to put a recovery plan in place.

# DUSSEHRA CELEBRATION

## GREETINGS TO ALL!

Dussehra, the last day of Navaratri, which means 9 nights, depicts the story of Goddess Durga killing Mahishasuran. Our Dussehra Special Assembly was held on 13th of October 2021. We had the golden opportunity to expose our talents during the Assembly. Our Teacher Lead was Rosalin ma'am, Vyjayanthi ma'am and Fayiza ma'am, and they indeed helped us a lot in gathering ideas and information on Dussehra. We chose some of the students from Class 7 & 8 to make 9 Sundal recipes which is done on the 9 auspicious days of Navaratri. They all sent their videos of cooking various varieties of Sundal and Payasam dishes. Everyone co-operated very well and the programme went smoothly. We also learnt how to use technology, as we edited the work ourselves. Lots and lots of ideas were given by our teachers. Sloga recitation, songs and many exciting passages about Dussehra were delivered by many students. Songs and Dance were recorded in School, and many participated in that too! Overall, the assembly was **MARVELOUS!** Thank you!

BY: ANNAPOORANI V (Class VIII)

CLASS – VII  
AND VIII

<https://youtu.be/IAI4QUaMKOA>

The Dussehra assembly was very delightful and very enjoyable. Me and my cousin sister watched it together. I just wish we had done it offline and clap in front of them. My favourite part of this assembly was the special dishes made by my friends. Overall Me and My sister really enjoyed watching this assembly.

-Madhu Shwetha, VII

# AYUDHA POOJA CELEBRATION AT LWA

Ayudha Pooja Celebration at LWA was done at the School's admin block on Wednesday Oct 13<sup>th</sup> 2021 to pray for the safety and wellness of all. First we had the traditional auspicious LAMP – LIGHTING Ceremony by our beloved Principal mam , **Ms.Santhi Swaminathan** followed by Prayer songs by our LWA students. Sweets were distributed to all the staffs of LWA. Let's pray that the blessings of Maa Saraswati always remain with us and bestow us with wisdom.
