# CBSE BOARD EXAM RESULTS

LWA Chennai believes in excellence by providing quality education and all-round development of our students. We are extremely elated to share the 100% result that we achieved for both our 10th and 12th batch for the session 2020-2021.

We produced our first batch of class XII with an average of 86 %. **Our toppers for this session are Reshma M.M and Harini N.S with a of score 479/500.**

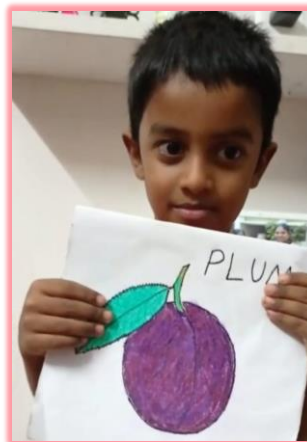

Our 4th batch of class 10 also came out with flying colours. The average marks secured by our students was 84%. **A.V.Sriraam topped with a score of 476/500.**

Hearty congratulations to all the students and teachers!! Let's keep the LWA flag soaring high!!

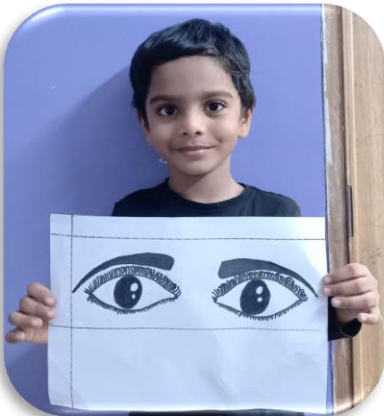

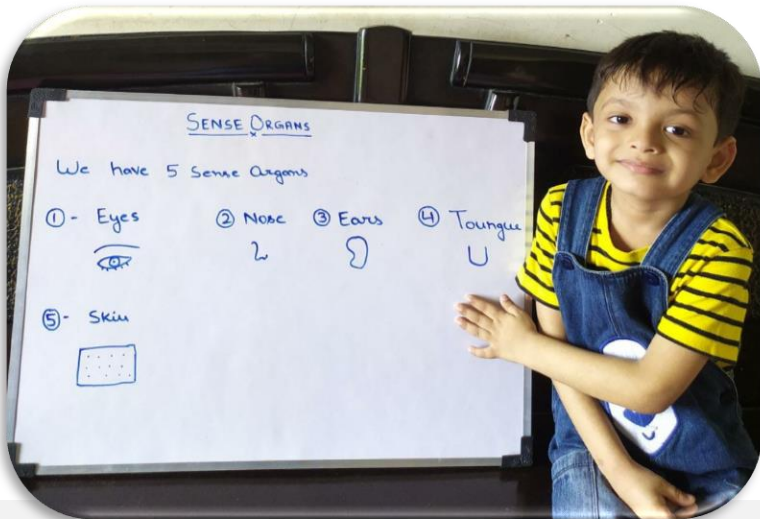

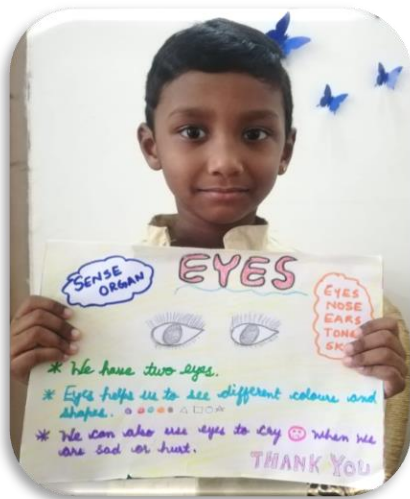

# PRESENTATION ON FRUITS - NURSERY

JEWELLING JULY ACTIVITY was held on 24 July 2021, Saturday. Twinkling little stars of Nursery participated enthusiastically in presentation of fruits. Each little star ✨ performance was commendable. This activity was held to develop language, have visual discrimination, develop vocabulary and frame small sentences on Fruits. Participants received certificates for encouragement and appreciation.

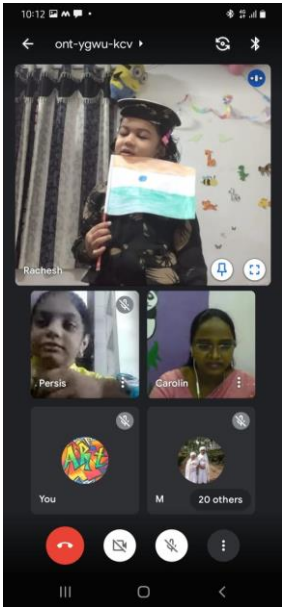

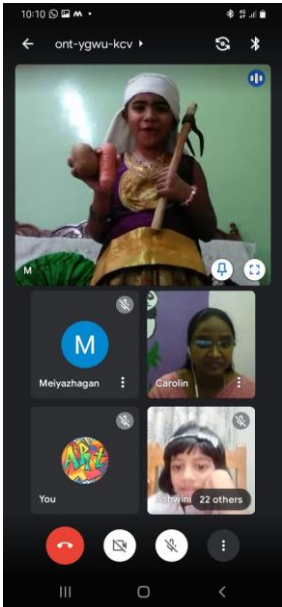

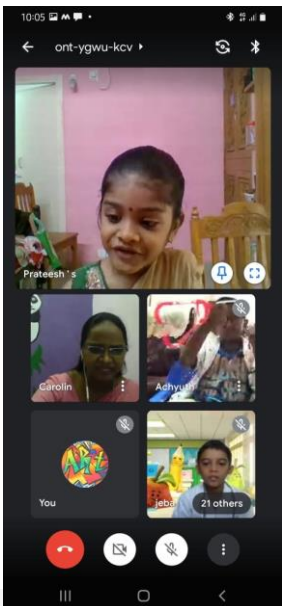

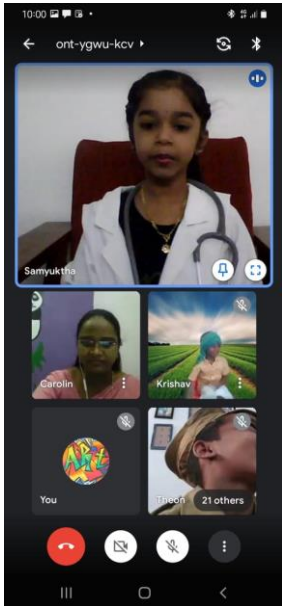

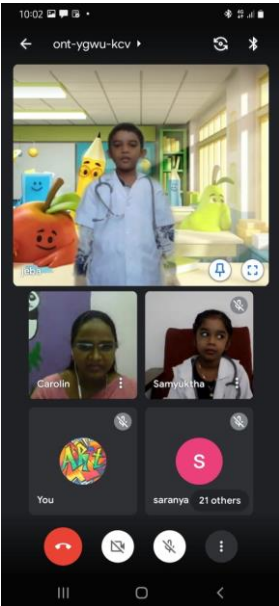

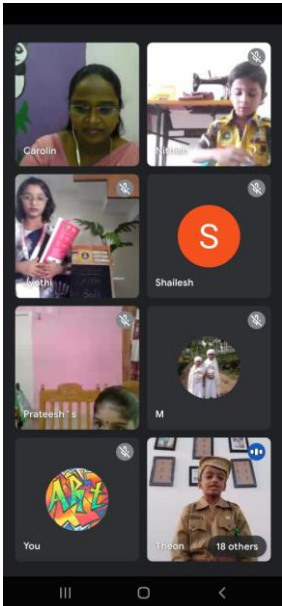

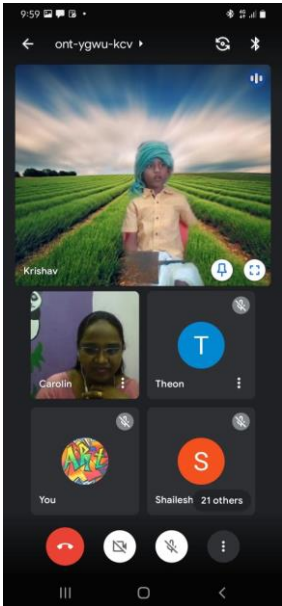

# PICK & SPEAK ACTIVITY - PREP

# DRESSUP & SPEAK ACTIVITY – CLASS I

Lightworkers Academy Conducted Dress up & Speak up activity on 24th July 2021 for Class 1 students. The activity commenced with a Prayer song. Class 1 mother teacher Mrs. Carolin Dalton and our Primary coordinator Mrs. Padmashree presented a welcome speech at the beginning of the activity. Tiny tots dressed up as community helpers and delivered speeches, which was appreciated by all gathered. It was indeed a joyous and memorable activity not only for the little ones but also a proud moment for the parents. The program ended with the vote of thanks by the Mother teacher Mrs. Caroline Dalton.

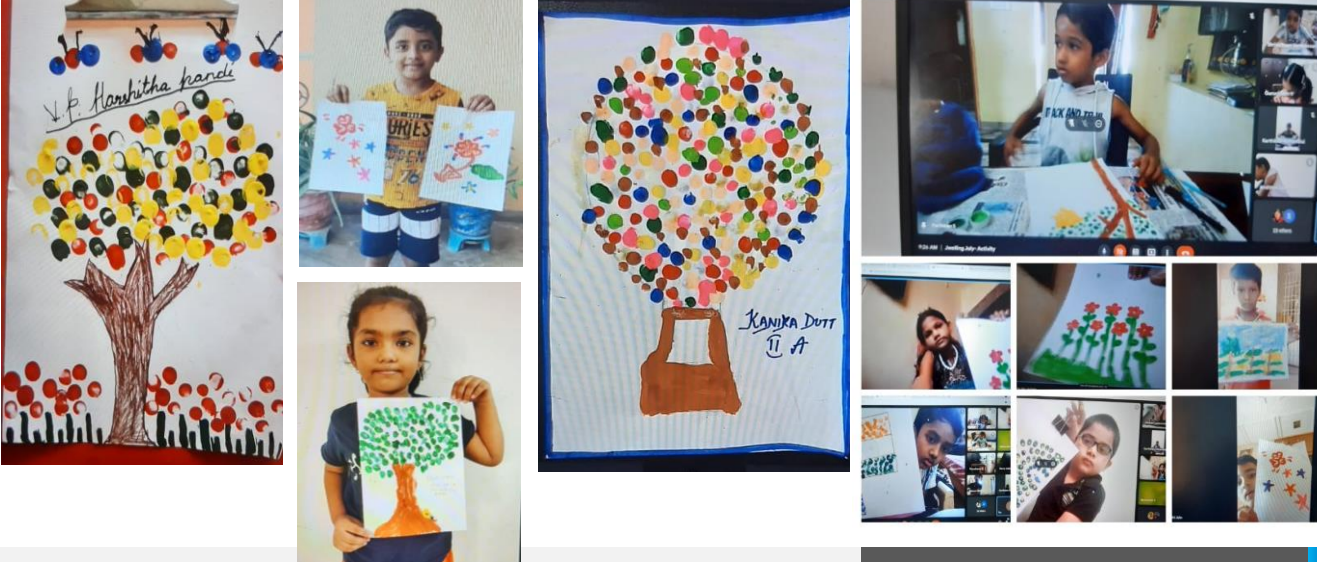

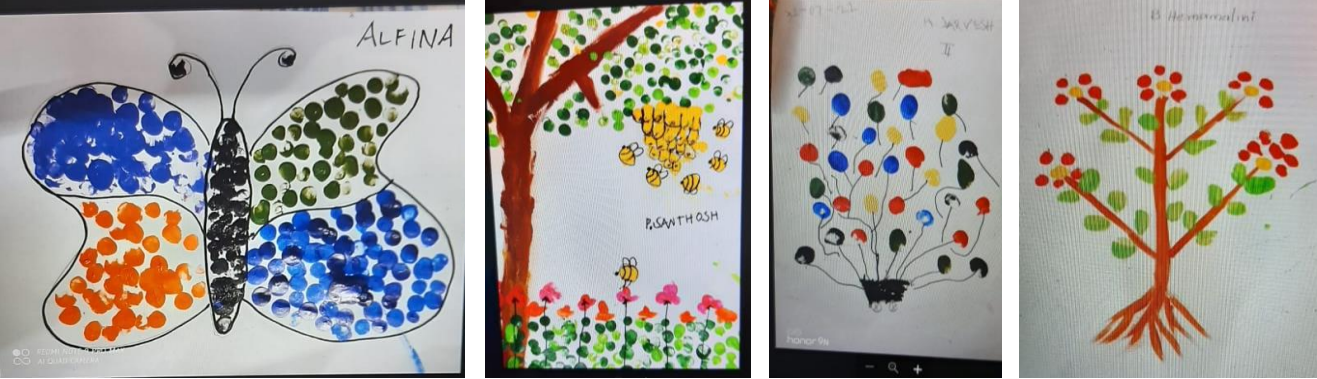

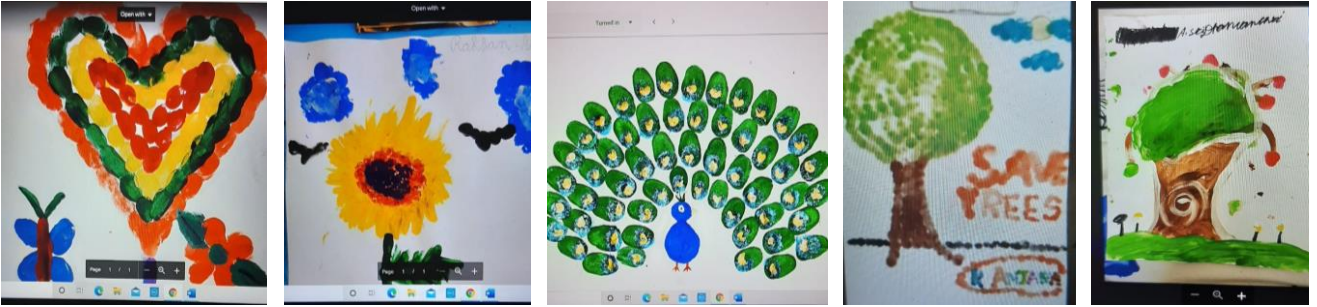

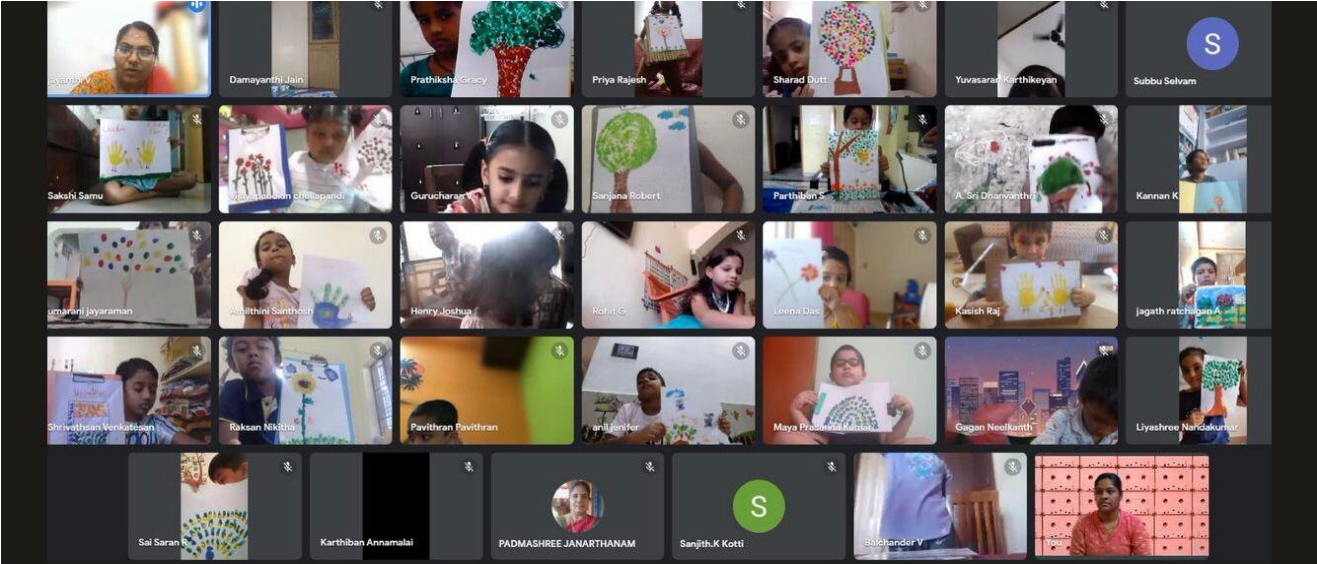

## PARENT FEEDBACK

The fancy dress program conducted on 24/7/2021 was a really nice experience for the kids . It helped to build the speaking skills of children and have them an awareness about jobs and helpline workers. It was also a really fun activity for the kids. The kids seemed to enjoy so much dressing up . It was not only an interesting experience for kids but also for the adults to dress up their kids and preparing for speeches for them . I myself loved the program . It was a fun-filled and educating experience .

# FINGER PRINT ACTIVITY – CLASS II

# SHOW AND TELL – CLASS III

Show and tell activity is an opportunity for young children to express themselves in front of a small group and speak .It is a wonderful introduction to public speaking as children are often given the chance to speak about a topic they know well and are interested in. Speaking about something you love always makes you love it even more! While presenting students try to organize their thoughts and convey main idea. Show and tell can be a great tool to help English Language Learners, giving them a chance to practice academic vocabulary, pronunciation and other basic skills they need to succeed. Benefits of show and tell: Confidence, awareness, Speaking and thinking skills. Our Grade 3 children expressed their thoughts in a beautiful way with confidence.

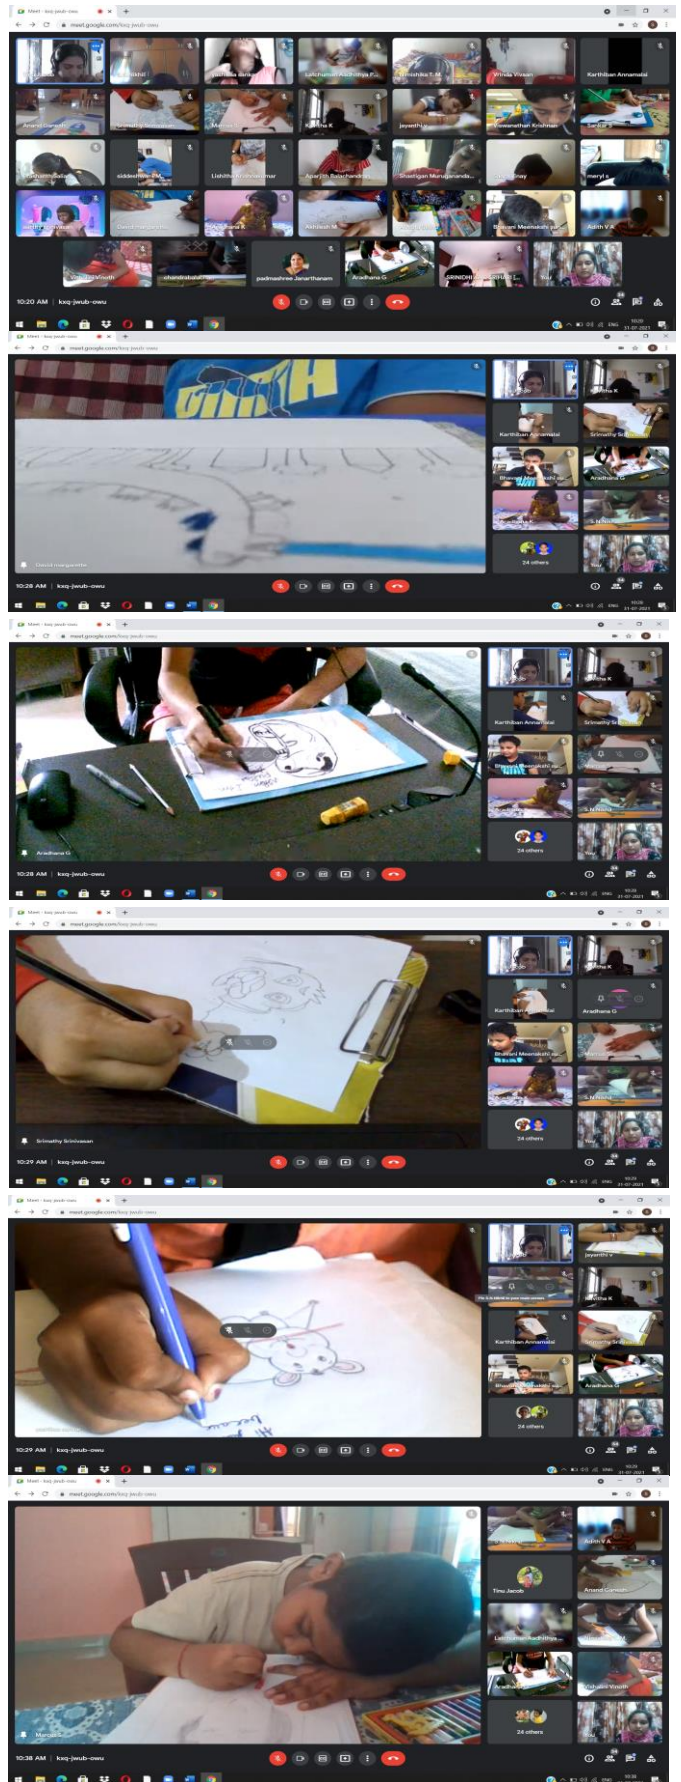

# CAPTION A PHOTO FOR MEME – CLASS IV

A wonderful activity "Caption a photo for Meme" was organized by Lightworkers Academy for Jewelling July. All the Students of class IV took part in the activity. The program commenced at 10 AM by a welcome speech by English faculty Tinu Jacob. In the celebration our main heroes were our students. Children are the sunshine of our lives. Their smiles make us smile and their tears break our hearts. These small yet beautiful gifts of God are the ones who make life worthwhile.

The journey with the students so far has been very exciting and our teachers put their best efforts to find out the hidden qualities of each and every student. It is very important to boost the confidence level of the students so that issues such as stage fear, not mixing with others, command on the language etc. is totally eradicated from an early age.

The main purpose of conducting the activity among children was to awaken them from fear and make them happier by doing fun activities. This enabled them to release stress and think positively about the outer world. Caption a photo to make your own meme helped children to develop confidence and vocabulary too. It allowed children to dream, hope and use their imagination, language skill and allowed children to act out and make sense of real life situations.

The activity concluded by conveying a vote of thanks to the participants and parents by Mathematics Faculty Sangeetha Samuel. The students created magnificent paintings on paper with colours, where students engaged in skilful learning through the medium of Art. Students participated with great enthusiasm and zest. Indeed the competition provided a platform for their creative expression.

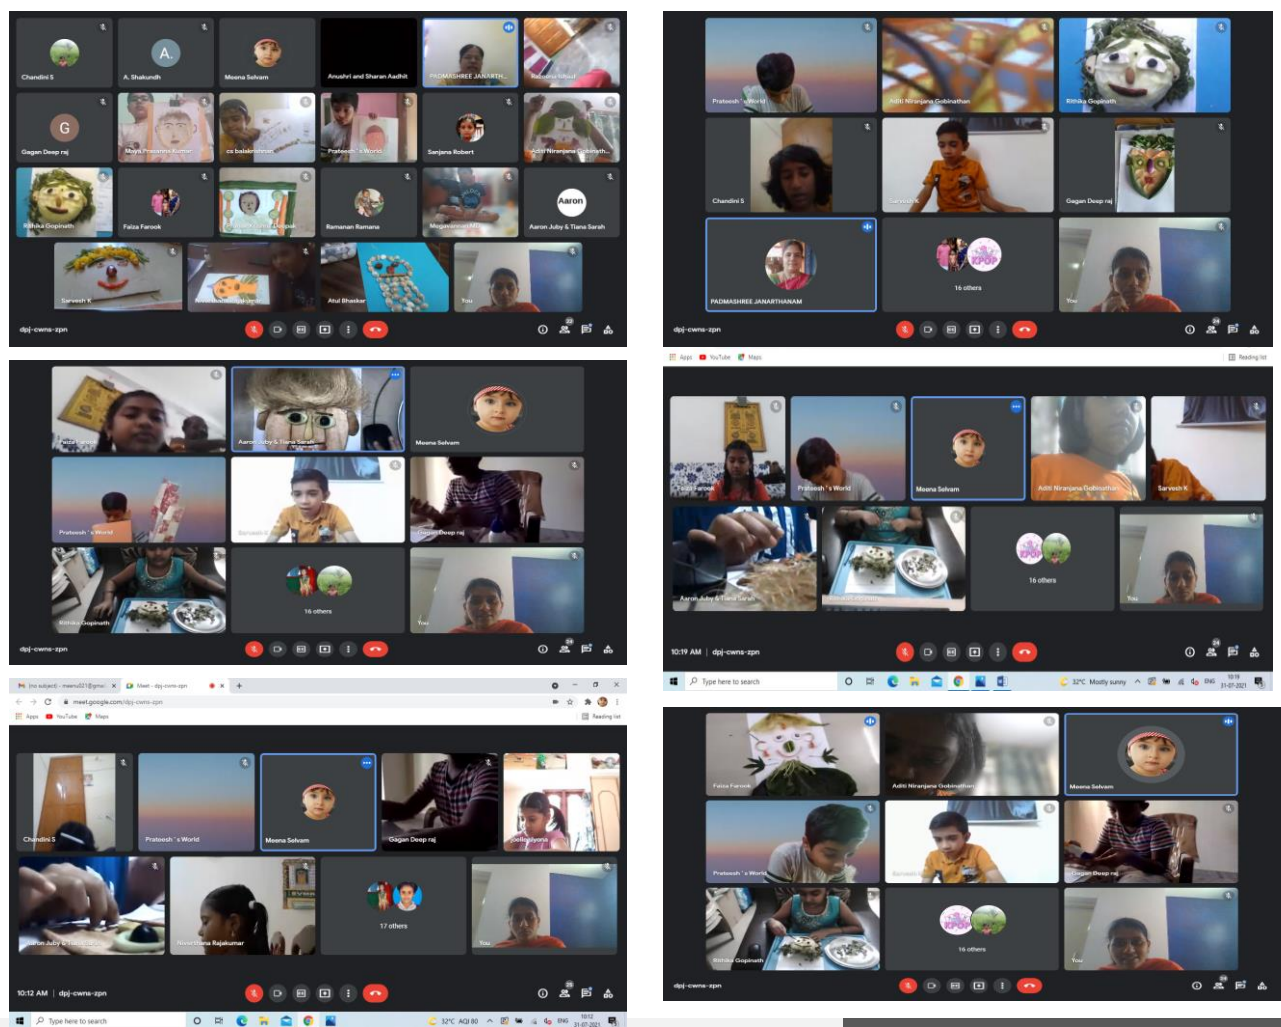

# SELF PORTRAIT ACTIVITY – CLASS V

A wonderful activity “Self Portrait” was organized by Lightworkers Academy for Jewelling July. All the Students of class V took part in the activity. The program commenced at 10 am by a welcome speech by Science faculty Mrs.Meena . A motivated and inspiring speech was given by our Principal Mrs.Santhi Swaminathan.

“A self-portrait is an intimate, bold declaration of identity. In her self-portrait, a child offers herself as both subject and artist. When we look at her self-portrait, we see a child as she sees herself. The story of self-portrait work is a tender story to tell.”

On the topic of self-portraits, we can plan and provide the open-ended resources so the child can develop their own thinking. But why would we want to explore self-portraits with such a young child? One of the ideas of exploring portraits of any kind is to provide a point of interest or stimuli for the child to look deeper at the subject, to notice and observe finer points and details. Then to transform that through their own lens, onto paper.

The activity concluded by conveying a vote of thanks to the participants and parents by Primary level Coordinator Mrs.J.Padmashree. The students created magnificent Self Portraits on paper with vegetables, fruits peels, nut, etc., where students engaged in skillful learning through the medium of Art. Students participated with great enthusiasm and zest. Indeed the competition provided a platform for their creative expression.

# E-VIDYUVA CULTURALS

Hearty congratulations to the students of Class-X who participated in E-VIDYUVA CULTURALS organized by Vidhya Mandir, Estancia and won **SECOND PLACE** under **GROUP DANCE CATEGORY**

## IN-CLASS ACTIVITY : PHYSICAL EDUCATION

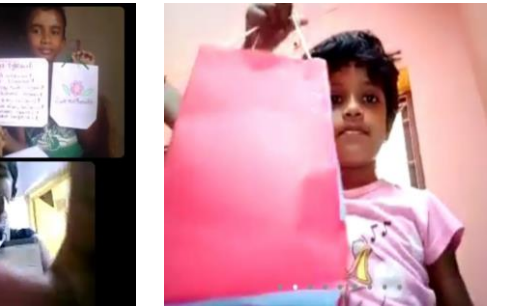

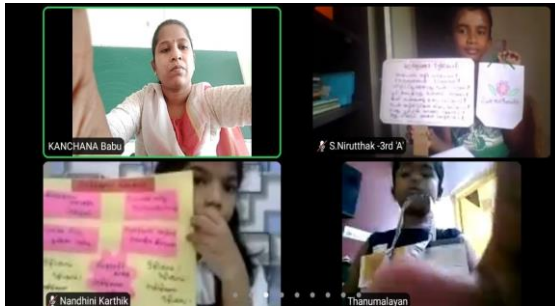

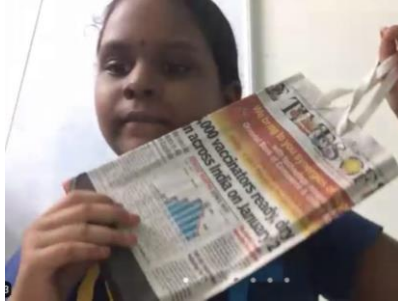

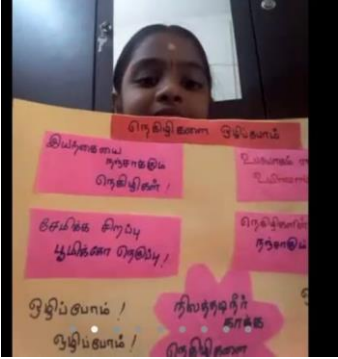

# IN-CLASS ACTIVITY

CLASS - III

மாணவர்கள் நினைத்தால்

நெகிழிப் பொருட்கள் பயன்படுத்துவதால் ஏற்படும் தீமைகள் பற்றி மாணவர்கள் பதாகைகள் ஏந்தி பேசினார்கள். மேலும் காகிதப் பைகள் செய்து அதன் பயன்கள் குறித்தும் பேசி விழிப்புணர்வு ஏற்படுத்தினர்.

# LWA TALKS

**MISS. SHRUTI  
GANGOPADHAY**

The LWA talk series is a monthly venture which brings to our students, speakers from different walks of life, to give them a bigger picture of the world that awaits them beyond the school walls. For the month of July, we had with us Miss Shruti Gangopadhyay, a vibrant Robotics enthusiast who gave our students a brief introduction to the field of robotics.

The session was held on the 30th of July, 2021 and was thrown open to the students of class VI and above. The speaker shared some snippets from her school and college life highlighting the importance of extra-curricular activities in our all-round development. She discussed the various projects she worked on and how important a role robotics has already started playing in different fields of technology. The topic kindled the interest in young minds and students were curious to know the different ways to build robots. Miss Shruti interacted with the students answering their questions and sharing a lot of information on the free links and websites, where the interested ones can start probing into, to hone their skills. The faculty in-charge of the robotics club at LWA shared the different projects that our students have been working on and the accolades we have received. The session ended with the take away that the students should explore the opportunities that come their way and make the best use of it.

*Thank You*
