PARENT FEEDBACK – CLASS PREP & NURSERY

Hi mam,

First of all thank you so much for helping our child to get interest in learning even through online classes. We know it's very difficult to get young kids attention through online classes.

But Buela mam have won all kids' attention almost in every class. We really liked her well planned classes, she made sure kids and parents are always aware what to do in next class.

Her encouragement made my child to complete her homework and get it submitted.
