Safety and well being for Children

Topic: Good and bad touch

In present scenario many cases are reported on social media and other platforms like news paper and television. Where we hear cases of child abuse mainly abuse of children. To bring such awareness among children session on Safety was held on 14th, 15th 16 and 17th March 2023 class wise from class 1 to class 5.

All the students from class 1 to 5 attended the session on Safety and well being on the topic good and bad touch.

The main objective of teaching good and bad touch is

- 1.To affirm a child right to say no to an adult who make them feel uncomfortable.
- 2.To help child distinguish the difference between good and bad.

And how children can protect themselves when some one disturbs and make them guilty and uncomfortable.

Introduced different parts of body through a doll. Four zones of a body parts were demonstrated by counting numbers.1 for the lips, 2 for the chest 3. In-between legs and back.

Children were make aware when some one touch their private parts or any covered zones to shout and say NO, STOP, I DON'T LIKE.To run away from that person and immediately tell their safe circle.

Safe circle are people whom children are comfortable to share their secrets. People like Mother, Father, Grandmother, Grandfather and the teacher.Children were told to form their safe circle after reaching home and discussing with their parents.Where no guilty feelings are kept as secrets within.

Children mental health and overall development is retarded with such incidents occurring to children and young girls. Thus it is necessary to make children and future generation aware of this education. Where children can protect themselves from such trauma for entire life.

Children became aware through this session. They enjoyed the concept that was delivered .Movie about Komal was displayed to have a clear understanding

LWA children are no more unaware of their stranger's approach. They are ready to fight back with the slogans of safety as NO, STOP AND I DON'T LIKE.
