FROM OUR PRINCIPAL'S DESK

Dear LWA Family ,

It is a pleasure to announce the board exam results of the batch of 2025. Sivaani S of class 12 has topped securing 478/500. She has secured 100 % in Chemistry. Aditya Kakade and Harshini Iyer have topped in class 10 securing 484/500.

As LWA has stepped into the new academic session 2025-2026 Ramadan and Heritage day special assemblies and the annual camp for Scouts and guides were conducted in April. Students participated in the week-long workshop at IIIT . Sahana of class 12 participated in the SHAPE workshop by SSN College. Our students Mithra and Jayashree participated and won laurels in the world young achievers' book of records in Archery.

Dear readers, Enjoy our combo edition of this newsletter of April and May as you enjoy the vacations.

Ramzan Special assembly by class 5 on 17th April.

A Ramzan Special Assembly is not just an event; it's an opportunity to immerse ourselves in rich traditions, engage with our cultural heritage, and to know the significance of fasting.

The Ramzan Special Assembly was a remarkable celebration that showcased the talents and dedication of our students. During the event, students delivered speeches in English, Tamil, and Hindi, demonstrating their linguistic skills and understanding of the festival's significance. This multilingual approach fostered inclusivity and highlighted the diverse cultural tapestry within our school community.

Adding to the festive atmosphere, our class 5 students captivated everyone with a heartfelt song that beautifully conveyed the significance of the festival. Their innocent voices resonated through the hall, reminding us all of the values of courage and righteousness embodied by this beloved deity.

The assembly reached its new heights with a splendid dance performance. This vibrant display not only celebrated our traditions but also instilled a sense of pride in our cultural heritage among all attendees. The Ramzan Special Assembly was indeed a memorable event that brought joy to our hearts while reinforcing important teachings for generations to come.

Earth provides enough to satisfy every man's need but not every man's greed
-Mahatma Gandhi

Our heritage is our identity. Respect it. Protect it.

Earth day is an annual event celebrated worldwide on 22nd April to demonstrate our support for environmental protection. The main aim was to create awareness about the degrading quality of the environment. The students of class X presented a special assembly to celebrate Earth day and Heritage Day. World heritage day or International Day of monuments and sites was celebrated on 18th April. The assembly aimed to create awareness among students about the importance of preserving cultural and natural heritage, and the efforts required to protect and conserve it.

The assembly commenced with a melodious song on the need to save Mother earth, followed by inspiring passages in Tamil Hindi, and English . A captivating dance performance was presented, featuring the diverse cultural traditions of India, in traditional attires. Students pledged to take the responsibility to protect our environment and preserve our cultural heritage for future generations. The assembly concluded with the rendition of National Anthem.

The Scouts and Guides Annual camp @ LWA

The school buzzed with excitement as the annual Scout and Guide camp unfolded. Teachers, despite the tight schedule, orchestrated an unforgettable experience. By 9 AM, students arrived, anticipation gleaming in their eyes. The day kicked off with a prayer and flag hoisting, followed by scouts and guides heading to the first floor. For the Rajyapuraskar students, it was a day of leadership—they became troop leaders, guiding their peers through the traditions of scouting. They shared tales of triumph from the Rajyapuraskar testing camp, taught the core principles, and led the others in songs and handshakes.

As the sun climbed higher, snacks and drinks arrived right on time, cooling the excited crowd before the next challenge—testing the students. Each scout demonstrated their newly learned skills, and to everyone's delight, all passed on their first attempt. The volunteers exchanged proud glances, celebrating their success as teachers.

Lunch arrived, followed by the most thrilling part of the day—the games. Skill-based challenges tested their senses, aim, and thinking, filling the school with laughter and cheers. Later, all scouts, guides, cubs, and bulbul gathered in the MPH, where they received certificates and shields, a testament to their dedication.

As dusk settled, the much-awaited campfire ignited the night with unforgettable performances. The energy was electrifying, and the joy was contagious. But as the last performance ended, reality set in—the day had come to an end. Though bittersweet, one truth remained clear: Scouting wasn't just an activity; it was a way of life.

- Pratheesh M of Class 9

The Rajyapuraskar Testing Camp 2025

The Rajyapuraskar Testing Camp was organized by the Bharat Scouts and Guides, Pallavamandalam district from April 10, 2025 to April 12, 2025 at Scouts and Guides Campsite, Alathur, Thiruporur. The camp aimed to evaluate the skills and knowledge acquired by the scouts and guides who had completed the requirements for the Rajyapuraskar Award.

The Rajyapuraskar is also recognized as the Governor's award, the highest award that a scout and guide can achieve at the state level on completion of 13 years of age being taught and trained by scout masters and guide captains, undergoing a state level testing by a team of qualified examiners. We are delighted to enlighten that our students J.Ashwin, Nitheish, Nithin.J of class X, Tamiliniyan.S, M.Prateesh, R.Sanjana, Anika Fathima and Razeena Ishaal of Class IX had appeared for this Prestigious award. On completion of testing, Rajyapuraskar badge and certificate signed by the governor will be awarded.

Robotics Summer Camp at IIITDM Kanchipuram

I am delighted to submit this report on my experience at the Robotics Summer Camp held at IIITDM Kanchipuram from 5th May 2025 to 9th May 2025. This camp provided a valuable opportunity for me to acquire knowledge and skills in robotics. The camp commenced with a comprehensive introduction to robotics, where we were taught the mechanisms of common machines such as paper cutters, scissors, and wipers using linkage software. This theoretical foundation prepared us for the practical sessions that followed. Over the next two days, we worked in teams to build and assemble various robotic projects. On the second day, we were given on of the robotic kit using which we created an "Object Follower Robot." On the third day, we worked on our second project, the "Scorpion Bot," and also received a motivational speech that was highly beneficial. On the fourth day, we had the opportunity to visit the IIITDM labs, where we observed the makerspace, editing room, and working models of drones, 3D machines, and a car, all made by the students of IIITDM. We also attended a lecture on the evolution of technology, which was insightful and informative. The camp concluded with a comprehensive test on the concepts learned, followed by the organization of the valedictory function which was conducted by the students who participated. I had the privilege of hosting the event along with my co-host and was honored to receive the certificate of participation, special appreciation, and Best Performer award. There were totally 6 schools participating including our school. And 2 of our students, myself and Pratheesh M got the best Performer award. I am feeling happy and proud after attending this camp, as I have learned a lot of things, from the basics of robotics to building and assembling robotic projects. This experience has not only enhanced my technical skills but also taught me the importance of teamwork and problem-solving. I would like to extend my heartfelt gratitude to my school and my teachers for providing me with this wonderful opportunity. I am confident that the knowledge and skills acquired during this camp will be beneficial in my future endeavors. I look forward to apply the concepts I have learned

By : Anushri D of Class IX

SHAPE workshop @SSN college

It was a bright morning when I prepared myself with all the excitement to attend the first day of the SHAPE internship programme by SSN. I was mesmerized by the beauty of the campus as soon as I reached the college. I got to meet a lot of students almost 50 from various states of India who were ready to chase their dreams with perseverance and hard work. We were given an opportunity to go through the campus visit different departments of engineering and talk to various faculties. Then came the most awaited part selecting the topic of our projects and I got to make a Word puzzle cognitive game to aid fNIRS. We were also assigned a mentor who guided us throughout the 2-week program. It was the final day in which we had to showcase the projects and got various comments which helped us to take it further. Last but not the least it was a 2-week filled with joy, excitement and an experience that would last for a lifetime.

- Sahana Saravanan of Class 12

The World Young Achievers book of records- 2025 event

We are very proud to share that our students Jayashree of Class 9 and Mithra K of Class 7 participated in the record-breaking event titled "Non-Stop Shots: 60 Arrows in 6 Minutes and 6 Seconds", organized by Arjuna Archery Academy, which was held on 11th May 2025 at Nolambur, Chennai and were listed in the World Young Achievers book of Records – 2025.

SPELL BEE Competition Final round winners

We are happy to congratulate the students of LWA who have successfully completed the International level (L4) of Spell Bee competition.

National Level painting competition

"LIGHTWORKERS ACADEMY Shines in National Painting Competition"

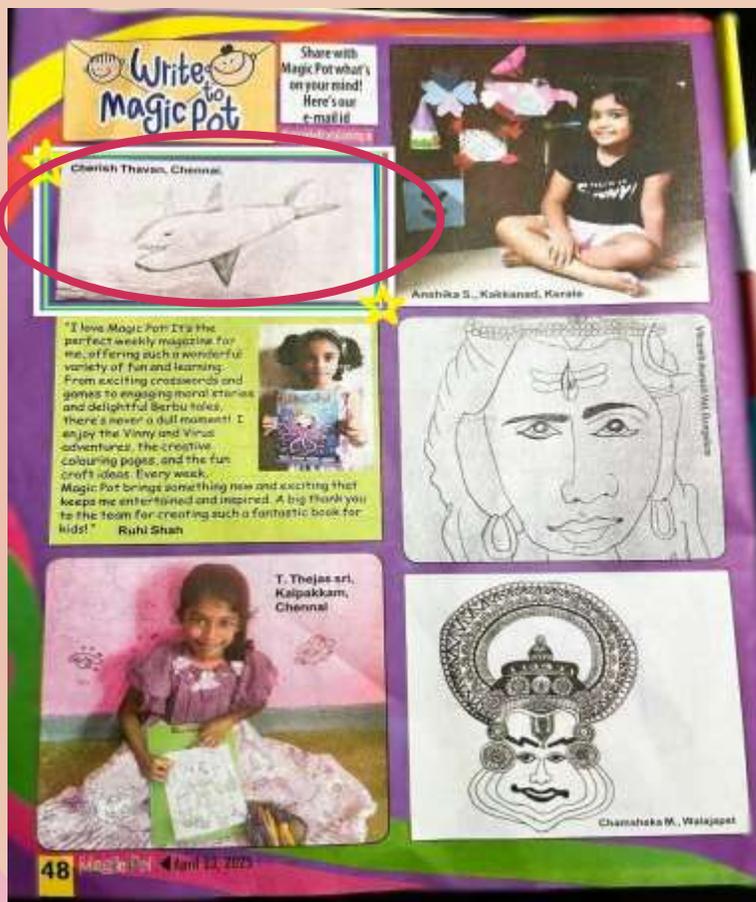

To commemorate World Environment Day 2025, the National Museum of Natural History (NMNH) organized a National Level Painting Competition on the theme "Ending Plastic Pollution Globally" for students of class 6th to 8th. Students from LIGHTWORKERS ACADEMY participated in large numbers, showcasing innovative ideas and artistic talents. Teachers conducted special sessions to guide students in developing their concepts and techniques. The competition provided a great platform for students to showcase their talents at a national level, gain confidence, appreciate diverse ideas, and foster a sense of national pride. We look forward to encouraging more participation in future events.

Parent's Feedback

Dear Principal, I hope this message finds you well. We are delighted to share that, Cherish Thavan, currently studying in Grade 1 at LWA, has had his artwork published in the April edition of Magic Pot, a widely read children's magazine. Please find the attachment. This is his first time being featured in a publication, and it has brought immense joy and motivation to him. As parents, we are thrilled to see his creativity being recognized. We wanted to share this happy news with you and express our gratitude for the constant support and encouragement he receives at school.

Warm regards,
Dr.Manobala.T

PARENT FEEDBACK

Dear Sir/Madam

**We are so grateful to all the teachers ,
Principal and all management staff who have travelled in my
daughter's school days for the past 12 years. It is the teachers who
have given her the positive strength and proved her ability to
achieve. Our special thanks to all the Teachers for boosting her
confidence level. We family members are thankful to the School
Organization.**

Regards

Vaanija Sivakumar

**Thank
YOU**
