## ‘THE BUDDING AUTHOR’-VRINDA OF CLASS 8

### The Magical Garden

By Vrinda Shankar

I recently wrote and published my first book, *The Magical Garden*, on BriBooks, and I'm excited to share my experience. The story is about a girl named Sophia, who finds a magical garden that allows her to travel through time. She meets her future self and sees how climate change has affected the world. Through her journey, she learns that even small actions can help protect the planet. The book is a mix of adventure, imagination and an important message about caring for nature. This book wouldn't have been possible without the support of my English teacher, Malini Ma'am. She encouraged me to write and believed in my ideas from the very beginning. Her support really helped me complete the story. Seeing my book published was a proud and happy moment. It showed me that with support and belief in yourself, anything is possible. I hope, *The Magical Garden* inspires others to care for the environment and follow their creative ideas too.

## "JUDICIOUS JULY" ACTIVITY-CLASS 2 TO CLASS 8

### KARGIL DIVAS

*In the middle of Kargil warfield,  
Soldiers protect us like a shield.  
The war was fought on freezing cold,  
But the soldiers sidelined the weather and remained bold.  
Grenadier Yogendra Singh Yadav climbed a cliff  
With bullets flying,  
And not bothered that he was dying.  
Lieutenant Manoj Kumar Pandey died fighting bravely,  
The Indian flag stood in front proudly.  
At first the Kargil warfield  
Was a dispute to the soldiers,  
But at the end it is the TRIBUTE to the soldiers.*
